Correction: Transcriptomics and metabolomics of blood, urine and ovarian follicular fluid of yak at induced estrus stage

Huangqing Zhao^{1,2†}, Yongzhen Huang^{2†}, Shi Shu¹, Guowen Wang¹, Changqi Fu¹, Rong Huang¹, Jun Zhang¹, Huawei Su³, Yang He³, Chuzhao Lei², Lei Du², Jiahao Zhao² and Wei Peng^{1*}

Correction: *BMC Genomics* 25, 201 (2024)
<https://doi.org/10.1186/s12864-024-10079-7>

Following publication of the original article it was reported that the ‘Availability of data and materials’, ‘Funding’ and ‘Ethics approval and consent to participate’ declarations were missing. The correct declarations are given in this Correction and the original article has been updated.

Funding This research has been supported by the Key Technology Support Program of Qinghai Province (2021-ZJ-736).

Data availability Sequences are available from GenBank with the Bioproject accession number PRJNA958448 and PRJNA958176.

Declarations Ethics approval and consent to participate

The yaks in this study were all handled in strict accordance with the guidelines established by the Council for Animal Welfare of China. Additionally, the protocols for sample collection and animal handling were thoroughly reviewed and approved by the Faculty of Animal Policy and Welfare Committee of Northwest A&F University (FAPWCNWFU, NWFAC 1008). Furthermore, the study was carried out in compliance with the ARRIVE guidelines.
