Erratum

After the publication of this article [1] the authors found that the following errors regarding Additional file 2 had occurred:

1. The title for **Additional file 2: Table S1** should indicate the list of differentially expressed WSD/Chow genes (instead of WSD/CR).
The correct title on the figure and within the article should therefore be:
Additional file 2: Table S1. The list of differentially expressed **WSD/CHOW** genes identified in the present study.
2. The title for **Additional file 2: Table S2** should indicate the list of differentially expressed CR/Chow genes (instead of CR/WSD).
The correct title on the figure and within the article should therefore be:
Additional file 2: Table S2. The list of differentially expressed **CR/CHOW** genes identified in the present study.

The original article has been corrected.
